

**PROJECT  
SITE**

THE AREA HIGHLIGHTED IN RED SHOWS THE LOCATION OF THE EXISTING 6 INCH WATER MAIN LINE WHICH WAS INSTALLED PRIOR TO 1948. THIS PROJECT WILL REPLACE THAT AGING WATERLINE WITH A NEW, LARGER 8 INCH PVC WATER MAIN LINE.

THIS IS THE FIRST PHASE OF THE CITY'S "COMPLETE STREETS" DOWNTOWN REVITALIZATION.

CONSTRUCTION BEGINNING JUNE, 2017.

**MAIN STREET  
WATERLINE REPLACEMENT**
